

1

- DPC Collective (DPCC) combines the benefits of Direct Primary Care with a Preventative Care Program and EAP solution. DPCC also creates a funding method for these programs.

2

- DPCC allows employers to generate FICA tax savings which are then used to pay the employer portion of the program fees.

3

- Employees sign up for the program and participate in DPC. They receive tax savings which are used to pay the program fees.

4

- **Cash Flow (+) for the Employer!**
- **No reduction in take home pay for the Employee!**

5

- Participation is optional for each employee.
- Family coverage is available.

6

- In addition to Direct Primary Care, DPCC also offers a robust dashboard accessible by mobile device or PC containing thousands of health and wellness tools and information.

7

- Important to remember, employee gets all the benefits of Direct Primary Care — fully funded by the DPCC program!

CONTACT DPCC TO GET STARTED

COMPANY INFORMATION

- Name of Company
- How many FTE's?
- Do you provide insurance?
- To qualify: Employees must be FT, W-2, and insured on company, spouse, or parents plan

CENSUS

W-2 information needed:

- Wages
- Marital Status / # of Dependents Claimed
- Deductions
- Can be derived from standard payroll report
- We will provide blank census template

DPC COLLECTIVE NEXT STEPS

1. Ask the company for a census.
2. This allows us to use real numbers to discuss your company's benefits.
3. You accept and sign program agreements.
4. ERISHA Attorneys set up plan documents — no fee for this service.
5. We do employee enrollment — in person or virtual.
6. We set up a payroll call and do a mock payroll by the 15th of the month.
7. Employees now have the benefits beginning on the 1st of next month!
